

## SUZANNE SPROWL AWARD RECIPIENT – 2009

**Sean Fox** is the recipient of this year's Susanne Sprowl Community Service Award. Sean works in the Arboretum. His community involvement both on and off campus is quite impressive. He is clearly an individual who cares deeply about the environment, the community and plant life. Sean is a dedicated member of the Arboretum staff, who is always ready to help out and is involved in such campus activities as the Guelph Centre for Urban Organic Farming Planning Committee; The United Way, Wildlife Education & Environmental Programs and Arboretum events. He is just as active in the larger community, volunteering for Pollination Guelph; Guelph Urban Forest Friends; Guelph Environmental Leadership; Waterloo Wellington Wildflower Society; Roots & Shoots; and The Jane Goodall Institute. Thank you Sean for all you do.
